2<sup>nd</sup> EACR-OECI Conference

## Making it Personal Cancer Precision Medicine

13 - 16 March 2017

## **TOPICS**

- Tumour evolution
- Organoids, PDX, CTX, ODX

- Metabolome targets
- Influence of the microenvironment
- New targets
- Combinatorial targeted & immuno approaches
- Implementing genomics into clinical practice

Reduced registration rates for EACR/OECI members Find out more at www.eacr.org

## **KEY DEADLINES**

Abstract submission 20 January 2017

Registration 13 February 2017

Bursary application 20 January 2017

## Confirmed Speakers

Christian Blank Netherlands

Hans Clevers Netherlands

Caroline Dive UK

Margaret Frame UK

Eyal Gottlieb UK

Meritxell Huch UK

Roger Lo USA

Núria Lopez-Bigas Spain

Richard Marais UK

**Daniel Peeper** Netherlands

Joan Seoane Spain

Maria Sibilia Austria

David Solit USA

**Giorgio Stanta** Italy

**Zlatko Trajanoski** Austria

Matthew Vander Heiden USA

Bart Vanhaesebroeck Netherlands

**Emile Voest** Netherlands

Lars Zender Germany

Making it Personal: Cancer Precision Medicine will bring together basic, translational and clinical scientists, as well as physicians engaged in the challenges of personalised medicine, the development of new therapeutics and clinical implementation. The programme will emphasise new in vitro and in vivo experimental models capturing the complexity of human tumours. New therapeutic targets will be discussed, including those from the metabolome and microenvironment. We will also give attention to how advances coming from the laboratory are being implemented in the clinic.
